RENOVATION DETAILS

The renovation of the Toronto Ontario Temple began in October 2023 and lasted until December 2024.

The scope included interior reconfigurations and improvements to meet increased patron demand and improve accessibility. The heating, ventilation and air conditioning systems also received major upgrades. Here are some of the most significant modifications:

MAIN ENTRY: Vestibule glass replacement, new floor and ceiling finishes, enhanced lighting, new welcome area and recommend desk.

WAITING ROOM: Increased seating capacity and furnishings, addition of family washroom.

BAPTISTRY: New entry with art glass, enlarged confirmation rooms, increased dressing room capacity, expanded clothing issue area, upgraded dome lighting, refreshed oxen.

INSTRUCTION ROOMS: New seating for improved comfort and accessibility, new carpet, new drapery.

CELESTIAL ROOM: Improved seating capacity with new furnishings, improved wheelchair access.

EAST GRAND STAIRCASE: New crown molding and finish refresh.

COMMERCIAL KITCHEN AND DINING ROOM

DECOMMISSIONED: The space was repurposed for the baptistry, worker break room and other functions.

MECHANICAL SYSTEM RENOVATION: Chiller replacement and new fluid cooler to increase cooling capacity, new air handling units to improve airflow and humidity control, enhanced control system to increase comfort and reduce energy consumption.
